Saruche Restarant

Z Hotel's main restaurant, Saruche, offers an à la carte menu of African-European fusion cuisine as well as a variety of fresh-from-the-ocean fish and seafood. We have created a sophisticated, yet relaxed atmosphere where you can sample some of the finest cuisine Zanzibar has to offer, and sample fine wines from our international wine selection.

With stunning views across the ocean, Saruche restaurant rests on the edge of a small cliff where you can eat inside or al fresco on a deck over the ocean with only the rippling tide to keep you company.
